

# DataPro Product Catalog

## Pelican Cases

Pelican™ Protector hard cases are famous for their durability, waterproofing, and exclusive features.

## Case Panels

Blank case panels for Pelican Cases, Storm, Nanuk, and Seahorse.

## Case Accessories

Panel frames, mounting brackets, nameplates, waterproof gaskets and more!

## Nanuk & SKB

DataPro carries a variety of waterproof rugged plastic cases - including Pelican, Storm, and Nanuk.

## Wall Plates & Panels

Our specialty custom-cut faceplates and wallplates can solve even the most complicated wiring problems. We stock a complete line of standard connectors and configurations, and all of our wall plates are designed to fit our vast selection of panel-mount cables and mounting couplers.

## Enclosures

DataPro manufactures and modifies a variety of enclosures, cases, and housings. We also carry panels for Pelican, Storm, Seahorse cases, and more.

## Panel-Mount Cables

Need to terminate a cable in a plate or frontpanel? Our exclusive line of molded panel-mount cables are the perfect solution. For video, USB, and more, we've got the flush-mounting cable for you.

## Panel-Mount Couplers

While not as secure or well-shielded as panel-mount cables, our couplers are accessible mounting attachments for any faceplate.

## IP-Rated Rugged Cables

Cables of above-average durability - weatherproof, waterproof, IP67, and more!

## USB Cables

Let DataPro fulfill all your USB needs! We stock all of the cables, hubs, and other electronics you could need for Universal Serial Bus 2.0, 3.0, 3.1, and more! And all of our cables are built with top-quality shielded wire for the strongest, fastest signal possible.

## Video Cables

Nobody does video cabling like DataPro. We stock the world's largest variety of [DVI cables](#) and [VGA cables](#), including our exclusive [non-terminated splice cables](#) and [panel-mount cables](#). And of course our expert assemblers can custom-build to your exact specifications.

## Audio Cables

We stock a wide range of stereo 3.5mm and dual RCA audio cables, extension cables, panel-mount cables, and adaptors... for all your audio needs

## Power Cables

Our PC power extensions will keep you plugged in, while our complete line of international power cords gives you the freedom to travel—without worrying about how to plug in your computer.

## Networking

Without a network, it's just a computer, so use DataPro networking cables and electronics to ensure that you never lose contact with the interwebs. We stock thousands of patch cables in dozens of lengths and colors, and can custom-assemble just what you need in unbeatable time.

## Serial & Parallel

Don't let USB push your serial and parallel devices into the garbage. We stock a full line of RS232 serial and parallel cables, adaptors, and electronics to let you get the most out of your trusted hardware.

## Fiber Optic

DataPro's fiberoptic patch cables and adaptors make it easy and straightforward to complete even complex runs.

## Legacy Cables

Legacy cables such as FireWire, SCSI, and PS/2

## Accessories & Hardware

Installation hardware, case handles, switch guards, dust covers, and more!

## Manual Switches

The most economical solution for hardware sharing is the rotary data switch, and we keep a full stock of all types. From BNC and serial to USB and VGA, we have the switchbox solution for you.

# Pelican Cases

[DataPro Product Catalog](#) > Pelican Cases

Pelican™ Protector hard cases are famous for their durability, waterproofing, and exclusive features. Perfect for housing specialty and prototype equipment and electronics.
